

**Listing of the Claims:**

The following is a complete listing of all the claims in the application, with an indication of the status of each:

- 1    1. (Original) A controller, comprising:
  - 2            a battery terminal holding member;
  - 3            a switch board holding member, holding a switch board on which a push
  - 4    switch is mounted; and
  - 5            a parts holding member, mounted on a main board,
  - 6            wherein the battery terminal holding member and the switch board holding
  - 7    member are integrally formed on the parts holding member.
  
- 1    2. (Currently amended) The controller as set forth in claim 1, wherein the battery
  - 2    terminal holding member holds a battery terminal board; and
  - 3            wherein a rib is formed on the battery terminal holding member such that
  - 4    the battery terminal board is positioned to the battery terminal holding member.
  
- 1    3. (Original) The controller as set forth in claim 2, wherein the rib is formed so as
  - 2    to surround the battery terminal board.
  
- 1    4. (Original) The controller as set forth in claim 1, wherein a reinforcement rib is
  - 2    formed on the switch board holding member so as to receive a force generated by
  - 3    an operation of the push switch.
